

Josie's Laser & Electrolysis is pleased to announce that the clinic will be reopening on July 02, 2020. Please call in advance to book an appointment as spots are filling up quickly.

Please keep in mind the following Coronavirus (COVID-19) policies before making an appointment at our clinic:

- Do not make an appointment if you were recently travelling outside of the country, and or, were exposed to an individual(s) who had contracted Coronavirus (COVID-19).
 - o If any of the above options apply to you, please ensure that you have self-isolated for a minimum of 14 days (two weeks).
 - o In addition, if any of the above options apply to you, please ensure that you have received a follow-up Coronavirus (COVID-19) test at a licensed medical facility, and can provide proof of a negative test result, hence, which will clear you to have Laser Hair Removal treatments done at Josie's Laser & Electrolysis Clinic.
- The clinic will send out a reminder 2 days before your appointment along with a questionnaire form that **must** be filled out and brought with you to your next appointment.
- Please call us upon your arrival and wait in your vehicle until you have been given the go-ahead to enter the clinic. You will be asked to leave all your personal items in the vehicle. Food and beverages will not be allowed inside the clinic.
- Before entering the clinic, your temperature will be taken. If you do have a temperature, you will not be permitted treatment at that time.
- It is essential that you wear a face-mask/covering before entering the clinic.
- Please use hand-sanitizer upon entering the clinic.
- Please do not come accompanied with any other individuals. Due to the virus, it is best to have only two individuals in the room (the Laser Technician & Client), in order to ensure a clean and safe atmosphere for each person.
- In addition, you will be asked to sign a mandatory Coronavirus (COVID-19) checklist, to ensure that you are completely eligible to receive treatment at Josie's Laser & Electrolysis Clinic.
- Please reschedule if for any reason you, or a family member have been feeling any cold/flu-like symptoms within the last two weeks.

We thank you for your continuous patience and understanding, especially throughout these uncertain times. We are very happy to have you back in the clinic, and look forward to beginning, and or completing your treatments at our clinic.

Regards,

Josie's Laser & Electrolysis Clinic (CT).
